## **U.S. Fish & Wildlife Service To Hold Scoping Meetings on Proposed Land Exchange and Road Corridor through Izembek National Wildlife Refuge**

The U.S. Fish and Wildlife Service is preparing an Environmental Impact Statement to address the potential environmental, cultural, and socio-economic impacts that could result from a proposed land exchange and road corridor through Izembek National Wildlife Refuge from King Cove to Cold Bay.

The U.S. Fish and Wildlife Service will hold five public scoping meetings, at the following times and locations:

Monday, April 26 – **Sand Point**, City Chamber Room at 3pm.

Tuesday, April 27 – **Nelson Lagoon**, Community Center, mid-afternoon.

Wednesday, April 28 – **Cold Bay**, Community Center at 7pm.

Thursday, April 29 – **False Pass**, Community Center, mid-afternoon.

Friday, April 30 – **King Cove**, Multi-purpose Building at 2pm.

Please note that the dates and times are weather-dependent. Check with the Aleutians East Borough for updates.

Public comments and participation are important. Please plan to attend a meeting in your community.

**\*Note\*:** The "Hovercraft Site" location shown on this map should be labeled as the "original, EIS approved hovercraft site". Construction at that site is planned for the future. The current hovercraft site is located in Lenard Harbor near King Cove, and is not shown on this map.
