## Natural Resources Department Seeking Public Input

This week, the North Pacific Fishery Management Council meeting at the Anchorage Hilton (April 9 - 14, 2014) will feature a major discussion of the proposed Gulf of Alaska Trawl Bycatch Management action. In an effort to give stakeholders an extra chance to provide input on the proposed action, we have developed a short survey of ten questions with ample opportunities to leave a comment. If you are interested in the future of the GOA pollock and cod fisheries, please take a few minutes to answer 10 questions, and/or leave a comment.

Here's the link:

The AEB Natural Resources Department always welcomes input from fishermen and residents via comments on our [Facebook page](#) and during open discussions at periodic AEB Fishermen meetings. You can also call or email Director Ernie Weiss - contact information can be found at [www.aebfish.org](http://www.aebfish.org).

Thanks for your help!
