Austin Roof, Manager, Alaska Peninsula Broadcasting (KSDP), thanked the AEB for support given in the last three years. He also wants to make all public meetings accessible on the website.

City of King Cove Mayor, Henry Mack, said the City of King Cove Council fully supports Resolution 18-12, the Memorandum of Agreement for the King Cove Access Project; he supports Resolution 18-09, Ernie Weiss’ reappointment to the NPFMC Advisory; he likes discussion on Eric Volt, with his

RESOLUTIONS

Resolution 18-07, a resolution of the Aleutians East Borough Assembly supporting the City of Cold Bay’s preschool program and authorizing the mayor to provide financial assistance in an amount not to exceed $13,500.

MOTION
Chris moved to approve Resolution 18-07 and second by Brenda.

DISCUSSION

The Administrator reviewed Resolution 18-07 saying this supports the City of Cold Bay funding request for a preschool program, authorizing the mayor to provide financial assistance, not to exceed $13,500. Due to the lack of student population, the Cold Bay School closed in 2015. Cold Bay now have 12 children in the community, seven of which are pre-school age. The city requested the funding from the previous Mayor, Stanley Mack, which he had agreed to. This is to bring the request before the Assembly for approval. The funds would come from the project contingency line item, amending the budget at mid-year.

Paul has no problem with funding the program. The mayor has the authority and he did promise to provide the funding. He asked if we fund pre-school programs in other communities. The Administrator said she is not aware of any previous contributions to pre-schools.

Josephine, requested clarification on the 12 children under school age. She asked if the budgeted amount of $45 a day for 89 days is for one teacher. Angela said that the program will have two parents co-teaching that will split the daily stipend and six out of the 12 children are pre-school age.

Paul said his understanding is that this is a one-time anomaly on how to fund Cold Bay’s pre-school program. To be fair to all communities, he suggested reviewing our policy on how to handle these pre-school funding requests. He supports since already authorized by previous mayor.

Chris E. supports and feels it is appropriate use of AEB funds since there isn’t much funding in the small school sites. As it is, two schools have closed and given the population of children in Cold Bay, it might help keep the population up and allow the school to reopen in the future.
Angela added that the AEB does support education by funding the School District, which provides pre-school in those communities. Additionally, other communities receive funding from other sources that Cold Bay is not eligible for, such as the Head Start Program. Cold Bay is looking for other sources of revenue, but hopes the AEB chooses to support their program.

ROLL CALL
Warren-yes, Brenda-yes, Josephine-yes, Chris B.-yes, Paul-yes. Advisory: Chris E.-yes, Justine-yes, Angela-yes. MOTION PASSED.

Resolution 18-12, authorizing the Mayor to negotiate and execute a Memorandum of Agreement (MOA) between the AEB and the City of King Cove Access Project.
MOTION
Chris moved to approve Resolution 18-12 and second by Josephine.

DISCUSSION
The Administrator said in regards to Resolution 18-12, in 2017 AEB agreed to reimburse the city of King Cove for certain expenses related to the King Cove Access Project, which include two $412,000 reimbursements, and $100,000 for FY16. Since that time, we have done an amendment in agreement to extend to August 30, 2017. Since agreement, we have completed the obligation of FY16 $100,000, first $412,000 and FY17 $100,000. This resolution reflects the second $412,000 reimbursement and FY18 $100,000, which is not in the previous MOA. Both have already been appropriated in the FY18 budget. The MOA covers how money can be spent and reflects where we are financially today. Recommend for approval.

Paul requested more information on the bigger picture where we are at with this project, because it is an important project that everyone has always supported. He said he does not have a firm grasp on all the details and would like to learn more.

The Finance Director added that the full $825,000 was appropriated on the previous MOA.

Paul said the MOA authorizes the Mayor to negotiate and execute, and requested a time line. The Administrator said the King Cove City Council has approved the MOA, AEB Attorney and Mayor Osterback have reviewed it, so anticipate it will be signed relatively quickly.

ROLL CALL
Brenda-yes, Josephine-yes, Chris B.-yes, Paul-yes, Warren-yes. Advisory: Justine-yes, Chris E.-yes (Angela-left the meeting). MOTION PASSED.
