Required Local Contribution: The local requirement is the equivalent of 2.65 mill tax levy on the full and true value of the taxable real and personal property in the district; and not to exceed 45% of the district's basic need for the preceding fiscal year.

Title VII Impact Aid: Federal Impact Aid provides funds to school districts for children of parents living and/or working on federal property "in-lieu of local tax revenues." After deductions, 90% of the eligible funds are used in the calculation of state aid.

State Aid Entitlement: Basic Need minus a Required Local Contribution minus 90% eligible Federal Impact Aid plus the amount of funding 'Floor' plus Quality School Grants equals State Aid Entitlement.

Maximum Local Contribution: The City or Borough can contribute more than is required but may not exceed the maximum local contribution. To calculate this, use the required local contribution plus 23% of basic need and those state funds calculated on adjusted ADM or a 2-mill equivalent of the full and true value of the taxable and real property within the district; whichever is greater. The additional amount is added to the required local effort to reach the maximum local contribution.
