

In The Loop

Help Us Update the Aleutians East Borough Hazard Mitigation Plan We want to hear from the people who know their communities best (you, those who live there!)

The Aleutians East Borough is updating its Multi-Jurisdictional Hazard Mitigation Plan, which helps identify the hazards and risks facing our communities and determine ways to reduce their impacts.

Because every community in the Borough faces **different hazards and challenges, input from each community is important.** Your local knowledge and experience can help us identify risks, concerns, and priorities that may otherwise be overlooked.

Please take a few minutes to complete the 2027 Aleutians East Borough Multi-Jurisdictional Hazard Mitigation Plan Public Survey and help make sure your community's perspective is included in the updated plan.
